HOMEDALE ROD & GUN CLUB INC

6 DECEMBER 2018

DALE OPENED THE MEETING AT 7:30PM.

GORDON READ THE MINUTES AND THE FININCAL REPORT AND THEY WERE APPROVED.

THE BLOCK BUILDING IS COMPLETE AND PAID FOR.

Darrell Cornell , Dale Tustison, Bob Peck, and the Action Door person pulled all of the wire for the gate and control house.

Gary Vanlier, and his crew put the flooring and the foam in the shotgun house.

People we need to be more sensitive to other people when they are shooting. Wait till they pause before you touch them so you can turn on the light and go down range.

People do not touch another person's rifle or equipment when they are down range. You may get a bad confrontation. If this happens again you must tell the club officers immediately. We do not want any one being hurt at the range. There is a written bylaw that deals with removing a club member. They are notified and they have 15 days to respond to the accusation. The board meets with the individual and they then make a ruling. If the person does not respond within the 15 days they are removed from the club.

The filling of the well went wrong and the pipe is plugged with the clay. The water board has not responded so just keep this to ourselves.

The 29th of December we have a work party to install the cameras on the range. Anyone who can help please come out at 9:30-10am.

The freeze out shoot is being changed to the 15th at 9:30.

No 50/50 shoot this month.

Next years shoots will be planed in January of 2019.

Welcome to all new members.

Howard Blevens won the draw.

Meeting was adjourned.
