

HOMEDALE ROD & GUN CLUB INC

6 JUNE 2019

Dale opened the meeting at 7:30 in the Jade Garden located in Nampa.

Gordon read the minutes and the financial report and they were approved.

Dale has tried to make contact with the government in regards to the Trump announcement that more land from the BLM would be made available for rifle ranges. Dale would like to get a patent on the ground just to the west of the range. We are land locked as of now. We need a plot showing the property that we are wanting and the plot that we own. We need to save our money to pay for the land if it comes to pass.

The people that took the RSO class Dale has your hats.

The egg shoot is coming up and we need people to serve and help out.

The South container is full and we need to remove most of the items that are stored in that container.

The new pistol target was removed by someone why or how is not known . We will put up a \$250 reward and post it on the web. The Sherriff will be notified.

The signup sheet has a lot of names on it. Some have not paid but just as soon as I start to delete them they call me and pay. I leave these people for my convenience and I wait till about July to move them to the inactive file.

If you tried your card and it does not work call me . I can operate the computer from my house. Just call me when you are at the gate and I can fix your card so it will work.

We need a work party to put a cattle guard under the gate so the cattle can't enter the range when we open the gate for your shoots.

The financial report shows all the money that we have but we are trying to conserve as much as possible in case we get the chance to buy the land that Dale talked to you about.

We need help on the 14 of June for the egg shoot.

The new NRA rep is trying to get our club a grant so we can improve our range. Please give Dale your Ideas on range improvements. Dale suggested that we fence the property and extend the center fire range ,put a cement block wall between the North pistol range and the new range.

Spotters on the egg shoot was discussed and agreement was reached.

Air rifles will be allowed at the egg shoot.

Kids that come to the shotgun shoot with their parents will not have to pay to shoot.

Shotgun shoot the 22 of June 9:00am

Bench rest shoot will be held on the 29 of June.

NRA draw talk Terry Hoover.

Welcome to all new members.

Raffle won by Rich Allen.
